

Exhibition | 33rd Japan IT Week (Spring)

AB Circle participated in the 33rd Japan IT Week Spring, held at Tokyo Big Sight from 24th to 26th April 2024. During the event, AB Circle engaged with numerous attendees and effectively showcased our latest products and technologies.

One of the highlights was [CIR715A](#), an Ethernet Contactless Smart Card Reader that demonstrated AB Circle's commitment to pioneering NFC technology. Alongside it, [CIR615A](#), a Contactless Smart Card Reader with Keyboard Emulation, also harvested attention for its unique features.

Products | CIR415A Bluetooth® Contactless Smart Card Reader for Japan's My Number Card Online Eligibility Verification at therapy centres

AB Circle's [CIR415A](#) Bluetooth® Contactless Smart Card Reader is proven to support My Number Card Online Eligibility Verification System by the Japan Ministry of Health, Labour and Welfare.

In April 2024, Japanese government introduced the My Number Card Online Eligibility Verification System for judo therapists, massage therapists, shiatsu therapists, and acupuncturists. This system enables therapy centres to verify Japanese citizens' health insurance qualifications using My Number Card. The beauty of the system lies in its privacy protection as it only accesses the qualification information associated with the health insurance certificate, no patient treatment details can be accessed.

Therapy centres handling payment reimbursement can use the My Number Card Online Eligibility Verification App on their PC, smartphone, or tablet in conjunction with a qualified card reader, such as [CIR415A](#) Bluetooth® Contactless Smart Card Reader to verify the insurance qualification digitally.

Corporate Social Responsibility (CSR) | 2024 MSG RUN

As part of our commitment to creating positive social impact, AB Circle participated in the "On Track to Save – 2024 MSF Run," a meaningful annual event organized by Médecins Sans Frontières (MSF) Hong Kong.

With an aim to raise awareness and funds for providing critical medical assistance to people affected by conflict, epidemics, disasters, or exclusion from healthcare around the world, approximately half of AB Circle's employees were excited to lace up their running shoes and participated in the 10km race.
