

Exhibition | Join Us at SITCE 2024!

AB Circle, a dominant identification solution provider, is going to exhibit at [Singapore International Transport Congress & Exhibition \(SITCE\) 2024](#), the leading public transport event in the Asia Pacific region from 6 to 8 November 2024 in Singapore. Come and visit us at Booth D40. Through demonstration and showcases, we will show you the uniqueness of [CircleMove™](#), a global white-label payment solution that can jumpstart and revolutionize various tech ecosystems. Learn more about our Park and Ride Solution from the presentation given by our Technical Director at Innovation Station at 11am on 7 November 2024.

Products | CIR215A Contactless Smart Card Reader

AB Circle is pleased to announce an upgrade to our [CIR215A](#) Contactless Smart Card Reader. This enhancement enables the [CIR215A](#) to support extended APDUs, allowing for the transmission of larger data volumes. This significantly broadens its application scope, making it ideal for scenarios requiring substantial data transfer.

The [CIR215A](#) continues to support various standards, including ISO/IEC 14443 and ISO/IEC 18092, ensuring compatibility with a wide range of contactless cards and NFC tags. Additionally, the [CIR215A](#) supports identification card issued in Japan (My Number Card), further enhancing its versatility. This makes the [CIR215A](#) a cost-effective and valuable option for applications in e-government, access control, network log-on, and more.
