Circle Connect – March 2025 (Issue #015)

Exhibition | Exhibit at Digital Banking Exhibition (DBX) 2025

AB Circle, a leading smart card reader and smart card provider, will be exhibiting at the Digital Banking Exhibition (DBX) 2025 in Tokyo. From March 13th-14th at Station Conference Tokyo, we will showcase our latest smart card solutions for secure identity authentication in digital banking. AB Circle's technology verifies the authenticity of My Number, Myna Health Insurance, and Japanese Driver's License cards, facilitating secure bank account opening and contract agreements. Visit our booth to learn more about how our solutions enhance security and streamline digital onboarding processes.

Joint exhibitors: Laurel Intelligent Systems Co., Ltd., Maxell Co., Ltd.

Tools | Enhancing Developer Resources with Expanded Sample Code Library

AB Circle, a leading provider of smart card readers and solutions, is pleased to introduce the expansion of its Development Resources webpage with a broader range of sample code. Developers now have access to examples in multiple programming languages and for various platforms, further simplifying the creation of custom applications. This comprehensive hub provides developers with a wealth of tools and sample code enabling them to quickly and easily integrate Circle smart card readers into their projects.
